

## IRON HEEL GRINDING AGAIN

EDITORIAL  
BY BILL RODGERS

The iron heel of the Porterville Veterans' Memorial district began to grind again this week when directors of the district, at a regular meeting Monday night, voted to file an amended action, then prosecute the district's condemnation suit to acquire the Sinarle property lying between Olive street and an extension of Oak street, bordered on the east by Jaye street.

This unjustifiable action was taken upon motion by Aubrey M. Lumley Jr. and seconded by Reuben Gilliam. Previously, a letter from Sinarle interests had been read rejecting an offer of \$61,500 from the Memorial District board for the property in question.

The amount of \$61,500 was based on a value of \$47,000 for Sinarle property, exclusive of business frontage on Olive and Jaye streets, plus a value of \$14,500 on the business frontage, with certain provisions made concerning lease of a Union Oil company station and other buildings now on the Sinarle property. In addition, the Memorial district offered life estate to Catherine Sinarle on her home property.

Both Memorial board members and Sinarle interests were in rather close agreement on value of property not including business frontage. Sinarle interests placed a price of \$65,000 on business frontage, on a basis of business expansion planned by the Sinarles prior to filing of condemnation action by the Memorial district board.

Since we are not qualified to speak on relative property values, we will not comment on figures offered by the two groups. But (Continued on back page)

## Awards In All Categories Won By Southeastern Tulare County 4-H Club Members At Annual Fair

Awards in all categories were won by southeastern Tulare county 4-H club members at the annual Tulare county 4-H fair held last Saturday in Tulare, with 2,305 exhibits in home economics and agriculture viewed by approximately 3,500 persons.

A capacity crowd watched Marilyn Wilson, Success Valley 4-H club, walk off with top awards in the dress revue contest Friday evening, May 4, in the Tulare High School auditorium. She won a portable sewing machine and a chance to compete in the State Dress Revue contest for a trip to the National 4-H congress in Chicago. Patty Lee, Enterprise 4-H Club, placed second and won a steam iron. Louellan Roundtree, Vandalia 4-H Club, won a scissor set for third place and Virginia Owensby, Taurusa won a pinkie shears for fourth place.

A new and popular feature of the 4-H fair this year was the exhibit of items made by members

of the Farm and Home Electricity project. Seventy-five exhibits were judged according to Farm Advisor Bill Sallee, which included such items as tool kits, wire splicers, table lamps and electric motors. Joe Faure, Vandalia 4-H club, won first place. Tommy Burgess, Sultana, was second; Ronald Mortenson, Burton, third; James Andreas, Earlimart, fourth; and Dwight Wilson, Richgrove, fifth.

An outstanding exhibitor was selected in each of the agricultural divisions to receive a pair of levis from California Clothing stores. Those winners were James Andreas, Earlimart, swine; Nancy Lee, East Lynne, horses; Jerry Fairley, Prairie Center, sheep; Robert Edmiston, Elderwood, poultry; Alford Lazenby, Kings River, crops; Sandra Farnsworth, Ducor, beef; Walter Emken, Surprise, rabbits; and Tommy Swall, Oakdale, dairy.

Champion winners were named (Continued on page 8)

## LOWER TULE SIGNS CONTRACT

Directors of the Lower Tule River Irrigation district have signed a contract with the Bureau of Reclamation for the annual delivery of 314,000 acre-feet of Central Valley Project water through the Friant-Kern canal, it was announced this week by Anton Simonich, district president.

"This represents the largest water delivery yet contracted for in the Friant-Kern Canal service area. The contract calls for 40,000 acre-feet of Class 1 water, and 274,000 acre-feet of Class II," Mr. Simonich said. The district, which comprises

102,000 acres in Tulare county, was organized in January, 1950 for the purpose of obtaining a water supply from CVP. Its main crops are cotton and alfalfa.

Mr. Simonich said that the district will distribute the CVP water through a system of main earth canals and by diversion from the Tule river and Porter slough.

The contract was approved by a vote of the people of the district and has been passed on by the state securities commission. Before becoming effective, it must be validated by the courts.

## PROBLEM RAISED ON SALES TAX

Last week's decision by Superior Judge Clark Clement in Kings county that the city of Hanford has power to tax retailers only for sales made within the city has opened considerable speculation and comment concerning future of the city sales tax, not only in Hanford, but in all other towns of the valley that now charge a city sales tax.

Types of sales that might be involved within the city sales tax structure were classed as six, in the case concerning the Jim Ingle company and certain individuals, with the judge ruling that the city sales tax is not collectable in the fourth and fifth categories — or, briefly, in cases where a business firm established within a city transacts a sale outside the city and delivers goods sold outside the city.

Under this decision, a salesman from a Hanford business firm, for example, can sell an item to a farmer at his farm, deliver the item to the farmer's ranch outside the city, and the transaction is not subject to city sales tax.

The decision has importance to the city of Porterville and to farmers in the Porterville trade area, since it will also have an eventual bearing on all towns using a sales tax.

From the standpoint of the farmer, the decision means that on farm equipment and automobiles,

## Mountain Lion Raised By Marion Vincent Becomes Pet, But Plays Just A Little Rough

Kittens are kittens, but lions are lions, and while the mountain lion cub that Marion Vincent, of White River, has raised as a pet, looks and acts like a big, playful kitten, its play gets a little rough now and then and that's what puts the claw scars on Marion's hands.

The cub is now 10 months old; weighs in the vicinity of 75 pounds; is over five feet long. At maturity, the cat may reach 200 pounds, however, before then, the Vincents expect to give him to the San Francisco zoo.

The cub, with two others, was taken by Marion and Mrs. Vincent on August 11 of last year on Tobias creek, about six miles from Fairview, after the lioness had been killed. The cubs were about five weeks old then and it was necessary to feed them milk from a bottle. It was three and a half months before they would eat meat.

Two of them eventually died, but the third has developed into a sleek, healthy cat that drinks a gallon of milk a day and eats squirrels, rabbits, bobcats and foxes that Marion kills for it, but will not eat chickens.

The lion is kept on a long chain that runs on a wire, providing a range of several hundred feet. Marion plays with the lion, just as one would with a kitten, and he states that only once has it turned on him in anger — and that time immediately after it had eaten, while the food was still near.

If its claws get hung up in Marion's clothing it becomes extremely frightened and in those cases, Marion immediately jumps away from it. In jumping, however, he has left the shreds of (Continued on page 8)

JUST LIKE a big kitten is this 75-pound mountain lion cub that Marion Vincent, shown with the cat below, has raised at his White River ranch. The lion is now about 10 months old; follows Marion around like a dog; plays like a kitten, only rougher, and drinks a gallon of milk a day. When Marion pets it, it purrs like a cat, except that the purring sounds like a truck motor. (Farm Tribune photo)

## PORTERVILLE F.F.A. JUDGING TEAM HEADED FOR AMERICAN ROYAL SHOW TO REPRESENT STATE OF CALIFORNIA

Porterville's Future Farmer livestock judging team — U. A. Hatfield, Clarence Kays and J. J. Hatfield — are pointing for the American Royal Livestock show in Kansas City next October, where they will represent the state of California, by virtue of having won the state championship in a contest at California Polytechnic, San Luis Obispo, last Saturday.

The Porterville team beat out 60 other top teams from throughout the state to gain the honor of representing California at the

famous Kansas City show. Talk around the high school agricultural department this week concerns the hows and wherefors involved in the Kansas City trip, but there is no doubt in anyone's mind that the boys are going to go.

At Cal. Poly., the team scored 1,523 points, U. A. Hatfield topping the three with 528 points; Kays was second with 506 points and J. J. Hatfield third with 489 points.

The Porterville chapter's dairy judging team placed ninth; the tree fruit judging team, tenth; the poultry judging team seventeenth and the farm mechanics team, seventeenth.

### Memorial Building

Permission was granted to the newly formed Veterans' Memorial committee in Springville to secure options on possible building sites for a memorial building, by members of the Porterville Veterans' Memorial district board at a meeting, Monday. Ted Morgan, chairman of the executive committee of the Springville group and R. R. Killian told of possible sites. Springville is in the Porterville district; the Porterville board had previously indicated a favorable attitude towards construction of a Springville building.

### SCOUT DRIVE

Boy Scout leaders of the Tule River district will conduct a drive for funds next Wednesday, May 16, with workers to meet at the American Legion hall for breakfast at 6:30 a.m. An effort will be made to cover the area and complete the drive in one day.

## GREAT PROGRAM FOR FAIR

A great program that will be a credit to the agricultural community of southeastern Tulare county is in line for the 1951 Porterville Fair and Livestock show, May 24, 25 and 26 in the city's municipal ball park, with fair officials and committeemen putting the final, polishing touch on three days of entertainment.

Forty-seven commercial and display spaces had been sold up to last night; donations to help offset expense of the fair are being received daily; Future Farmers and 4-H exhibitors are grooming some of the best livestock in the west for competitive showing and for a junior fat stock sale; citrus men of the community are planning a colorful display and judging contest.

Entertainment features, to run each night of the show, include professional circus acts; Porter- (Continued on Page 2)

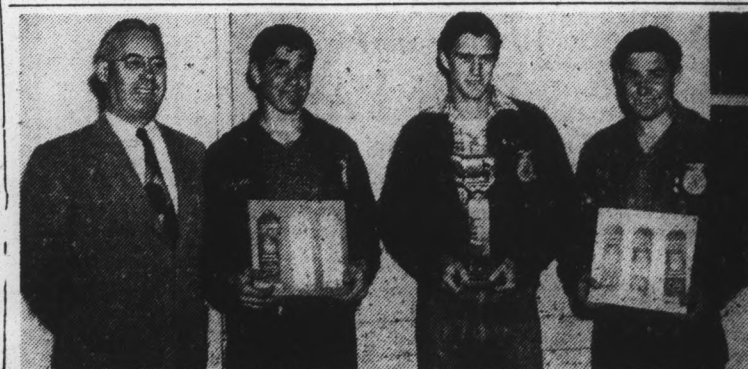

## 51st Annual Patrons' Day At High School

Residents of the Porterville Union High School and College district are invited to the 51st annual Patrons' day, that will be held at the high school and college tomorrow, Friday, to view demonstrations of student work and accomplishments and to enjoy an evening musical program in the school auditorium.

The following schedule has been set up for school exhibits: Cafeteria, arts and crafts, woodwork, print shop, social studies, mechanical drawing, metals, electricity, home economics, English, attendance office and adult evening school.

Main building: Orientation, mechanical drawing and chemistry; college; wild flowers, geology and photography; Howland hall: College art and open house; auto shop: Lapidary demonstration; tennis courts: Auto show; lawn north of cafeteria: Farm mechanics; college lawn; Model cadet encampment; south of college shop: House under construction.

All exhibits will be open from 1:30 p.m. to 4 p.m. and from 7 p.m. to 8:30 p.m. Program for the afternoon and evening will include: girls' baseball tournament, 1:30 p.m.; presentation of colors by cadet corps, 2 p.m.; swim meet with Tulare (Green Mill plunge) 4 p.m. and evening program in auditorium, 8:30 p.m.

THESE PORTERVILLE Future Farmers will represent California at the American Royal Livestock show in Kansas City, next October, by virtue of their having won the high honor of a state championship in livestock judging at California Polytechnic in San Luis Obispo, last Saturday. State champion team, shown with R. L. Hooper, head of the Porterville agricultural department, are, left to right, U. A. Hatfield, Clarence Kays and J. J. Hatfield, the boys winning out over 60 of the top FFA teams in the state.

# BREEDING PROGRAM FOR DAIRY CATTLE IS MEETING SUBJECT

Further discussion concerning the establishing of an artificial breeding program for dairy cattle in the southeastern Tulare county area is slated for meetings of dairymen the evenings of May 22 and 23 at the Porterville high

school agricultural building.

Dr. Robert A. Dove and Charles Crane, veterinarians, will attend the meeting to talk on the program, and others attending will include Farm Advisor Ross Thomas and directors of the Tulare County Breeding cooperative.

SIGNS - FOR SALE - FOR RENT at The Farm Tribune Office,

# PROBLEM RAISED

two of the major city sales tax items, sales could easily be arranged so that the tax is not collectable.

From the standpoint of the city, a major source of city sales tax revenue is lost under the court decision.

As yet, the city of Porterville has taken no action on its sales tax setup, however, City Attorney Waldo Burford has written to the clerk of the Superior court in Kings county asking for the written decision of Judge Clement in order that the decision can be studied as to its possible relation

# GREAT PROGRAM (Continued from Page 1)

ville's Fair Canterbelles and special events.

Elementary school children will hold a pet parade Friday night, with entries being taken at schools of the district; a junior horse show, with events for rider from seven to 18 years will be held

to the Porterville city sales tax ordinance.

The Kings county case has been pending for several months and city officials, business men and farmers have watched its development with considerable interest.

Saturday afternoon, with entry blanks available at Fair headquarters, 522 North Main, office of The Farm Tribune.

Fat stock sale is scheduled for Saturday afternoon, May 26, with Vince Powers as auctioneer and with the California Farm Bureau Marketing association in charge. A number of organizations are planning to operate various types of concessions on the grounds.

A new feature of the 1951 fair will be a menagerie of animals and birds; Pacific Telephone and Telegraph and Clark Pest Control will show the same exhibits they had at the California state fair; the Porterville Garden club will enter a display of flowers; farm equipment and automobiles will be featured in one section of the fair.

Location on the grass of the municipal ball park should offer an ideal setup for exhibitors and spectators, and more than 200 head of livestock is already in line for the show.

# ROYAL NEIGHBORS

Some 300 persons are expected to attend a district convention of the Royal Neighbors of America, to be held next Monday at the Fraternal Center in Porterville with afternoon session to open at 1:30 o'clock; with a banquet at Gang Sue's Chinese Tea Garden at 6 p.m. and an evening session at 8 p.m.

State Supervisor Christiana Hammill and District Deputy Mary Louise Coen, Los Angeles, will participate in the Porterville meeting, which will draw delegates from Kern and Tulare counties. Local women assisting with the program include Lola Tuton, district president, and Thelma Bellah, district secretary-treasurer, of Porterville.

Participating in the evening program will be the Rev. W. Lawrence Wells, Porterville, who will deliver the address of welcome; Darlene Zeddies will sing and Susie Monroe will captain the flag drill.

Camps to be represented, in addition to Porterville, include Tulare, Wasco, Visalia, Bakersfield, Exeter and Delano.

DR. LEO KLOTZ, of the University of California Citrus Experiment station, spent a day in Tulare county last week collecting Valencia oranges in order to study rind spotting.

# INSUR EATHERS

By Phil The Forester

California's State Supreme Court saved some \$3,000,000 for the sportsmen by reversing the recent ruling of Attorney General Edmund G. (Pat) Brown declaring the California Wildlife Conservation Board unconstitutional.

The board, was created by an act of the legislature in 1947 and given an appropriation of \$9,000,000 from State horserace revenue. The money was to be invested in long lasting assets for the improvement of fishing and hunting.

Many wildlife improvement project proposals were investigated by the board and a number of them approved to the tune of ap-

## BARN THEATER STAGE WHISPERS

BETTER BE HASTY OR YOU'LL MISS "HASTY HEART" DEPT.: Ask Mac Williams or Nan Lumley how they liked the show. Be prepared to listen to quite a lengthy glowing report.

JUST TO KEEP OUR HAND IN DEPT.: We hate to let any of our faithfuls get rusty or let any time go to waste, so for six hours Sunday, the Barn Radio class, including Eldon Hunt, Charles Patmore, Grace Vaznaian, Jean Steventon and Ramona Smith recorded stories of early Tulare County history at KCOK for a series that's coming up.

IT SOUNDS LIKE A PRETTY FEEBLE EXCUSE BUT IT'S TRUE DEPT.: We've held the curtain for various and sundry reasons on occasion, but Saturday night, of all things, we had to hold it for the popcorn popper!! Didn't think the snap, pop, crackle would add much to the South Sea Island atmosphere!

proximately the entire amount of the funds. The money was accordingly transferred to the fish and game commission to complete the specified projects. They were for the most part, trout hatcheries and waterfowl management areas which would include public fishing and duck hunting.

But the wheels of government turn slowly and the commission had spent only about \$1,000,000 of the money when the attorney general came through with his ruling that the board was unconstitutional and the funds were frozen.

Last Friday the high court ruled 6-0 that the attorney general was in error and probably stopped the wildlife funds from being diverted to the State's general fund.

Prior to the ruling, a legislative bill was working its way through the mill that would make another \$3,000,000 available to the board. It will no doubt proceed now as all agree the first appropriation was only a good sized drop in the wildlife restoration bucket.

The State Legislature may also reorganize the division of fish and game, declared the State Supreme Court in its decision last Friday which also reverses another opinion of the attorney general. This of course is another story.

Governor Earl Warren signed the organized sportsmen's legislative measure which makes it illegal to use commercial fishing nets in the Sacramento and San Joaquin rivers, and then, according to reports, declared he would go fishing . . . to Alaska.

Mother Nature continued to protect her own by creating unfavorable weather conditions for the trout anglers again last weekend.

Tulare County friends dashed over to Lake Crowley in Mono County and returned with weight limits of rainbow up to four pounds. Shaver Lake has produced wonderful fishing during the stormy weather but with a fair day on Sunday, the fish ran for cover and just wouldn't give the anglers a nod. Just stormy weather fish said one Fresno angler who made a beautiful catch Saturday but drew a blank Sunday.

Trout tip for the week — the fish and game commission just planted 4,880 great big put and take catchable size rainbow in the Kings River above Trimmer and 6,600 in the middle and north forks of the Kaweah River.

Millerton Lake bass fishing has slowed down but D. L. Templeton of Tulare managed to land an 8 1/2 pounder last Friday with a flyrod and streamer on the Madera side.

## We Only Heard

By BILL RODGERS

BREATHING EASY once again are members of the Orange Belt Saddle club, who staged their annual Porterville Roundup and Fiesta last weekend. They put on a good show — the best rodeo, in our opinion, of the series; an estimated 8,000 people saw the fun; the Cinco De Mayo celebration was good and the annual western parade, Saturday morning, was the biggest and most colorful yet. . . . Our congratulations go to the Orange Belt Saddle club. The job members do on the Roundup, compared to size of the club, is one of considerable magnitude — and of great publicity value to the community.

NEXT BIG one is the Fourth Annual Junior Livestock Show and Fair, May 24, 25 and 26 in the Porterville Municipal Ball park. Fair directors and committee workers have now reached the stage where they wake up at night talking to themselves; next step is when they stop going to bed, just talk to themselves all night. . . . But the fair is going to be a great one. The ball park is an ideal location; over 40 display spaces have been sold to merchants and organizations; a top-flight entertainment program is in line for the evenings; kids of the community are already talking about and planning for a junior pet parade; boys and girls will again ride in a junior horse show; Future Farmers and 4-H members

## CATTLE CEILINGS PLACED BY OPS

Price ceilings on cattle were ordered this week by the Office of Price Stabilization, with a 10 per cent cut in prices which slaughterers may pay farmers for cattle to go into effect May 20.

Wholesale ceilings go into effect May 9; retail ceilings May 14, with these ceilings to vary by area. Cattle prices to slaughterers will be reduced an additional four and one-half per cent on August 1 and by the same amount on October 1 and on the same dates retail beef prices will be reduced from four to five cents per pound for a total drop of nine cents.

will exhibit more than 200 head of the best livestock in the west and you and I can give these junior exhibitors a boost and at the same time get the best meat that it is possible to buy when we get into the bidding at the annual Junior Fat Stock sale . . . Remember the dates, May 24, 25 and 26.

MRS. J. E. FRAME, one of the pioneers of Porterville and White River, has returned from the St. Vincent hospital in Los Angeles and is now in the Porterville hospital.

## Far larger bills for us...but not for you!

Just ten years ago Edison generating expenses for one year were approximately ten million dollars. Last year our fuel bill alone was that much, and operating expenses were more than three times as much as in 1941. Your electric rates haven't tripled though—in fact your cost of electric service is lower than ever before. If you pay more for electricity it's only because you use more—not because the price is higher. Edison rates haven't gone up!

"Edison electricity is your best buy—you can depend on it!"

FRESH DAILY

figures, the wage will buy more milk, eggs, oranges, potatoes and bacon now than 1949, 1939, 1929, or 1914.

Americans are eating better quality diet than they consumed in the 1935 to 1939 period. Besides, there is more service and packaging thrown in free.

Figures prove that if we'd been satisfied with the type and quality of food and food service we got in the 1935 to 1939 era... it would have cost us only 18% of our spendable income for last year. Actually, we wanted better and paid 27% of our spendable income to get it last year. We paid 23% of spendable income for the food we used in that 1935-1939 era.

Them's the figgers! Maybe what they say is true... maybe we really are not paying too dearly for food. Anyway, the farmer doesn't get as much of the food money as you'd think (unless you're a farmer, then you know!)

### Taste-tempting, versatile COTTAGE CHEESE

adds new flavor to everyday dishes

Because of its usefulness in economical meal planning, cottage cheese deserves a place in every kitchen as a household staple... giving a lift in palatability and nourishment to so many delightful dishes.

AND LIFE TO YOUR YEARS

#### HOW MUCH FOOD

You can buy more food with an hour's earnings (at average factory wage) than in the past. The Secretary of Agriculture says so. That may prove either that factory wages are very high or food prices are not too high.

Here are the figures:

Average hour factory earnings buy about the same loaves of bread now as in 1949, 1/4 more than in 1939, over one-half more than in 1929, twice as many as in 1919, and 2 1/2 times as many as 1914.

Same earnings in February, 1951, bought almost as much round steak as in 1949, one sixth less than 1939 bargain prices, 1/4 more than 1919, 2/3 more than 1914.

Same earning bought the same amount of butter at the beginning of 1951 and in 1949 and 1939, twice as much as booming 1929, almost three times as much as in 1919.

According to the secretary's

#### COOKING WITH LARD

Lard, instead of vegetable shortening, for cooking is something you should try. Lard is less expensive and for some uses is better. Biscuits and all corn meal recipes are better if you use lard. (I think.)

In the first place, you have to use less lard... it's "shorter." With a little practice, you can even make fine cakes with lard. Many of us who are old-fashioned like pie crust made from lard. Maybe that's why your pies aren't like your childhood memories of pies... try lard.

You can make your own lard from the extra fat on pork roasts. Cut the fat into small pieces. BE SURE that NO lean or blood is in it. Render it in the oven VERY slowly... no more than 300 degrees. Strain the melted fat through cheese cloth and cool it fast.

#### CORN MUFFINS WITH LARD

Try this recipe to find out what I mean about lard cookery: Sift together:

- 1 c. Yellow Corn Meal
- 1 (scant) c. Flour
- 3 1/2 tsp. Baking Powder
- Salt

Blend in:

- 3 tbs. (rounded or more) Lard

Add:

Enough milk to make stiff batter or awfully runny dough. Bake in muffin pans in pre-heated oven at 450 degrees. They'll bake fast this way.

The best sweets to serve with these muffins are blackberry or pomogranite jelly... but it takes lots, I warn you.

Blends and combinations in fabrics will be a big fall trend. Rayon-like wools (whatever that means) are said to be "here for a run."

Orlon, a new synthetic, said to be better than nylon will appear and be "the thing."

## Questions and Answers

Dear Aunt Liza, Uncle Ferd and Betty Scott: What are you trying to do, have us run out of town? Your entire column this week is censored — irrevocably, completely and without question.

THE EDITOR

Answer: Just as we thought. No freedom of the press.

AUNT LIZA, UNCLE FERD AND BETTY SCOTT

### Zonta Installs Officers Hears Morrison On Chamber of Commerce

Phoebe Ann Tobias, was hostess to Zonta Club at their annual pot-luck dinner meeting Monday night.

Installation of new officers followed an address by Andy Morrison of the Chamber of Commerce.

Officers, installed by Marie Brey, are Ruth Fink, president; Hazel Eckman, vice president; Phoebe Ann Tobias, secretary; and Margaret Ella Billings, treasurer.

Morrison told the club of the history of the Porterville Chamber of Commerce, explained what a chamber of commerce should attempt to achieve and pointed out that such organizations often miss their purpose through mis-guided management.

Plans and operating procedure of the present Chamber Board of Directors and Manager were outlined. A discussion of the business and industrial future of Porterville and obstacles to its realization was a highlight of Morrison's talk.

Zonta Club, composed of women in executive positions, is one of Porterville's strongest civic and business organizations.

"Raps" will be important in the style news again, as last fall.

LOOKING FOR A BARGAIN?  
Read the Classified Ads.

### Stocking Buying Tips

Gotham's Reference List for those who are confused by gauge and denier, to aid in buying the right stocking for the right occasion:

1. The 30 denier 45 gauge are made for sports and one who walks a great deal.

2. For normal daytime wear, the 20 denier 51 gauge stocking will serve most women best. It is fairly sheer and sturdy.

3. The 60 gauge 15 denier stocking is a sheer but sturdy stocking for dress wear — many women have gotten used to the ultra-sheer stocking and want nothing else. The fineness of the gauge on this one gives it sturdiness but sacrifices none of the wispiness.

The basic fall fabrics will be velveteens, wool jersey, flannels and a wide variety of corduroys. ... so your last year's left-overs will still be good.

## 20 AND HONOR CHARTER MEMBERS AT SPECIAL MEETING

The beautifully decorated social hall of the Congregational church provided the meeting place for the 20 Ands Club for their charter member night, recently. Two huge flower arrangements banked the sides of the stage and the club colors of green and white were carried out on the dining tables when green and white ivy trailed the length of the tables. Hand made nosegays were at each plate. Sixteen charter members were

honor guests of the club, and were seated at a special table with the past honorary advisor, Mrs. Frank O. Sheldon, who was instrumental in organizing the club in September of 1941. Through the evening's business session special tributes were paid to the club's founders. Local charter member Helen St. Laurent made charter member introductions and local charter member Pauline Penning registered the out of town guests. Mrs. Pat Giesler of Wasco, first president of the club motored here for the occasion. Following the introductions, Mrs. Giesler gave a response to the welcome.

Local member Hazel Kenoyer gave a complete review of past incidents which highlighted the progress of the club in its near 10 years of organization. A total of 186 members had been initiated into the club and 28 brides had been congratulated during the span of years.

Vice President and Program Chairman Ferne Bain introduced the evening committee. Chairman was Josephine Eckert of Strathmore and committee Ruth Caudill also of Strathmore, Joan Botts, Pauline Penning, Greta Kibler and Wanda Slayton. Mrs. Eckert introduced Mrs. A. T. Margo who gave an outstanding review of current plays telling of their recent successes in eastern metropolises and when the plays would reach the nearest locations of San Francisco and Los Angeles.

Several petitions for memberships were read by the corresponding secretary Helen Rucker. Loretta Scranton, club treasurer read the amounts of charity donations contributed in the past six months to March of Dimes, Red Cross, Tuberculosis Fund, Community Chest, Cancer Fund and Crippled Children. The club voted to purchasing concert series memberships for local worthy music students who desired to attend the 1951-52 series. Wally Wilson, Welfare chairman, reported the annual Bartlett Award to an outstanding Junior high school girl in Citizenship was ready for presentation at commencement time.

Peggy Henderson reported that several scrapbooks were near completion for the old folks' enjoyment at the Sequoia Home at Visalia.

Marriann Morrison reported that seven members completed the Red Cross First Aid class recently conducted at the high school. Completing the 20 hour course were Loretta Scranton, Thelma Wood, Sarrah Treager, Mae Keller, Josephine Eckert, Opal Achterberg and Mrs. Morrison. Mrs. Achterberg, club president, urged members to show civic interest by turning out to vote on May 18 for the High school board election.

The next meeting will be husbands' night with Gladys Tanner as chairman.

## Shopping... with Betty

By Betty Scott

The new orange paint job on the city autos will certainly be the vehicles in the public eye. S'pose it really should be called school bus-yellow. Mighty nice insignia too. Think the purpose is to be in quick identification? I dunno. Anyway, they stand out as much as clothes that have gone to PROCTOR'S CLEANERS... When you send your clothes to Proctor's they look 'specially fine, I mean. I was drab and sad after a trip to Proctor's. The free retexing they do at Proctor's makes the fabrics look new longer and feel new, too.

Ferd a' Liza checked up and Bill Rodgers is not a member of the Canterbells. That is a fact. He's just smart, that's all. Only one who rode in the parade with that lovely bunch of gals. Rest of the fellas missed a trick there. Certainly were a pretty picture, the girls! No prettier picture, however, than EDWARD'S PHOTOGRAPHY STUDIO can make of you! Call 1385-J for an appointment for wedding pictures. There are a good many weddings ahead of you want to be sure that you have Edward's take your wedding pictures... night or day... anywhere you say. (Peruna wrote the verse.)

Sad bunch of girls had to put aside their slacks, jeans, and shirts and go to work in dresses again Monday morning. Amazing how much more comfortable and easy it is to work in them than in dress slacks. What a lovely world it'd be if we played Rodeo all the year around, huh? With summer on the way, it's time to be thinking about comfortable hair styling too. Call 107-W for an appointment at FLORENCE PEAK'S BEAUTY SALON for a complete job to make you feel a joy this summer. Plenty of free parking at Florence's and you don't have to get dressed up... Harrison and 2nd.

Noticed kids playing on the slough bank at the new bridge over the Hockett. They were down at the water's edge. Pretty dangerous with the water as high and swift as it was Monday. Kids are hard to protect from themselves. Not as easy to look after them as your tractor. Now is the time to build or repair your farm buildings. Don't leave your valuable livestock or farm machinery outside to harm each other. BREY WRIGHT LUMBER CO. has all the materials and the expert advice you'll need to build farm buildings... make them strong and weather-tight. Go in, or phone 1640 for free estimate. 10% down and 30 months to pay.

Now we've had it. An accident at the new stop signs on Olive at the R. R. For all my warning... I forgot them myself and stuck to a halt in the middle of the crossing sometimes. I'm willing to stick out my neck and say that there is not adequate marking. Think signs painted on the pavement are needed badly. The gutterside signs are hard to see and we're not used to the stop yet anyway. On the subject of safety... have you taken your shoes to CARROLL'S SHOE SHOP lately? Make sure they are in good shape. You can be just as badly injured in un-safe shoes that let you fall as in an auto wreck. Be safe, be sure, take your shoes to Carroll's, Porterville and Division.

School Board election is set for the 18th of May. Everybody who is a voter in the district should vote. This High School District is a large one, there could be a huge ballot. Will there be? As long as you pay your taxes here and send your kids to school here... you're a fool to miss voting. Election will be Friday following Mother's Day. Mother's Day will be this Sunday, May 13. Betty hustled into BREY'S BOOK SHELF, 600 N. "D" for your Mother's Day shopping. I've done mine. Marie has beautiful gift items... something for every Mother. Saw note paper that is the cutest yet. It has pictures, flowers and a recipe on each note. Called "New England Recipe Notes." Good recipes too! Handkerchiefs and hostess aprons are beautiful and the lovely Blenko Glass bowls, pitchers, and vases in two shades of blue or amber are perfect gifts. Shop first, Marie's; free parking.

Linen dusters are in high style this year and I saw in the Fresno paper the other night that 40 years ago they were stylish too. They were advertised as "linen dusters suitable for women's auto or buggy wear, \$1.45." Butter was up to 60 cents a roll from 55. Green peas were plentiful, beans rather scarce and rhubarb was plentiful. Take a look at Mrs. Steif's vegetables and fruits, if you think this dusts a low price. These are at PORTERVILLE PRODUCE, Orange at "C" Lettuce, 2 for 25c; Cabbage, 4c lb.; Celery, 15c bunch; Radishes, bunches 15c; Carrots, 2 bunches 17c; Green Onions, 5c bunch; A paragus, 2 lbs. 39c; Green Peas, 2 lbs., 25c; Bell Peppers, 25c lb Summer Squash, 2c lb.; Cucumbers, 2 for 25c; Tomatoes, 23c lb Bananas, 15c lb.; Fresh Strawberries Daily; Rhubarb, 2 lbs. 29c Oranges, 45c doz., \$3.00 box; Stuffed Spiced Olives, 29c, 69c, \$1.75.

## FARMER'S NET INCOME IS DOWN

Farmers' net income in 1950, estimated at 13 billion dollars, is down 27 percent from the record high of \$17.9 billion reached in 1947. Since prices farmers paid were higher in 1950 than in 1947, the purchasing power of farmers' net income last year was down 30 percent from three years earlier. During the first quarter of 1951, farmers' cash receipts from marketings were up 16 percent in the same period in 1950. Last-quarter receipts this year totaled about 6.4 billion dollars.

## THE OLD DAYS

From miscellaneous files of pioneer Porterville newspapers, provided through the courtesy of Howard J. Frame, Porterville.

JULY 3, 1891

The last day of June, which has been the most remarkably cool month known for years, has changed the programme and given us three days that have been about as hot as they ever make them in Tulare county.

The thermometer has reached 112 degrees in several buildings in Porterville and vicinity and we hear it was 119 in Fresno on Monday, but they will never admit it.

Porterville had another close call from a big fire on Sunday morning about half past six when a small building of the east side of Main street, occupied by Reed the Tailor, and H. E. Ford's real estate office, was discovered to be on fire and under pretty good headway.

But by good management on the part of the firemen, the blaze was extinguished, however, all the inside fixtures of the building were burned out. Mr. Ford saved all of his effects, but the tailor's stock was entirely destroyed, except for a pair of shears.

The brick is being put onto the ground for R. Baker's new building and his old store has been repainted. William Hall will pull his old saloon and Jolly's butcher shop off the ground and erect a new brick building on it place.

Mr. Jolly will put his meat market in the Central hotel, which was closed to the public a week ago.

Mrs. M. C. K. Shuey gave an ice cream social at the reading room on the afternoon of the 29th in honor of friends from Visalia, Mrs. Glasscock, Mrs. Johnston and Miss Kate Gilmer. Porterville ladies invited to attend were Mesdames Lewis, Redfield, Hilton, Murry, Newman, Schultz, Putnam, Brown, and Tyler. Mrs. Graef of San Francisco and Mrs. Mahar of Oakland also attended.

The express office is now located in the P. P. Davis store.

Mr. James is paying youngsters of the community 5 cents per pound for figs. He has shipped over two tons this year.

Miss Hattie Mahar and her mother are planning on going to Mountain Home in a few days to remain several weeks.

The Misses Calhoam will give an exhibition of their elocutionary and dramatic talent in Porterville this evening. The Pawnee Men gave their closing show on Thursday and a ball is to be given on the 4th.

Active preparations are being made for the proper celebration of the 4th of July. Miss Zalud has been chosen the Goddess of Liberty. Money has been subscribed to pay the band and a purse for competitive trials for the firemen, foot racers, etc.

J. J. Cairns has sold 10,000 sacks of wheat at \$1.52½ and is cutting his crop with six headers and hauling to the thresher. Three large teams are hauling the sacked grain to the railroad cars.

A new brick and granite school house is well under way in Lindsay. We understand W. F. Dean is the lucky man who gets to teach the first school.

Captain Hutchinson of Lindsay put out 20 acres of orchard and vineyards last year and has made every preparation to irrigate with a steam pump. Stockton Barry put out 10 acres of grapes last season and they lived through the year without irrigation.

J. J. Doyle started for Summer Home with his family this morning.

John Hensley of Woodville has returned from Oregon; Mrs. Hensley returned from Yolo, accompanied by her mother, Mrs. John McQuone.

HOWARD LYNG, Senator from Alaska, is spending a week at the home of his sister, Mrs. Allen Bullard, in Porterville. He expects to leave tomorrow for San Francisco and Seattle, then Denver, where he will attend a meeting of the National Democratic committee, May 23.

## VETERANS MUST ENROLL BY JULY 25 FOR FARM TRAINING

Veterans in the southeastern Tulare county area who plan to make use of the G. I. educational benefits by enrolling in the Institutional On-Farm training program must be enrolled and in training by July 25, 1951, it was announced this week by O. H. Shires, director of the local program.

The only exception is a veteran who enlisted or re-enlisted under the Voluntary Recruitment act, which will give him four years from the end of his enlistment to begin training. In order to be sure of meeting the deadline, the prospective trainee should contact Ralph Hooper at Porterville Evening high school not later than June 1.

To be eligible for on-farm training, a veteran must be devoting all of his time to farm activities. He may operate his own farm or he may be employed on a farm by a farmer-trainer. Training consists of organized classroom in-

## Citrus Improves

Good color, large size, fine flavor and attractive retail prices brought a 15 cent average increase in fob citrus sales for the week ending May 5, according to information from the California Fruit Growers Exchange. Volume was the same as the previous week.

struction and on-farm instruction and supervision. The federal act provides subsistence to trainees, the amount varying with the number of dependents and amount of earnings.

### KIRK'S COW SCRATCHER

Now enters, "OLD SCRATCH" the new automatic Livestock Oiler that automatically applies the waste oil solution right where it is needed, on any size animal and on all places on the body. OLD SCRATCH does not just doctor the back, OLD SCRATCH puts the insecticide and oil where the itch and irritation is, whether it be on the back, belly, crotch, or tail root. When OLD SCRATCH is conveniently placed at a watering hole, the cows will take care of themselves, because they know where they itch.

### RESOLUTION

Before The Governing Board Of The Porterville Union High School District, County of Tulare

IN THE MATTER OF DECLARATION OF INTENTION TO SELL CERTAIN SCHOOL DISTRICT PROPERTY.

Upon motion of Trustee Williams, seconded by Trustee Muller, the following resolution was duly made, passed and adopted by the Governing Board of said School District in a regular open meeting, by not less than a two-thirds vote of all its members:

WHEREAS, the Porterville Union High School District is now the owner of certain real property hereinafter described, and

WHEREAS, it appears to be in the best interests of said School District that said property be sold,

NOW THEREFORE BE IT HEREBY RESOLVED by this Governing Board of said School District as follows:

(1) That it does hereby declare its intention to sell the hereinafter described real property, upon the terms and conditions hereinafter set forth, and at a minimum price of not less than Seven Hundred Fifty Dollars.

(2) The said property herein referred to is described as follows:  
A. P. O. Crabtree residence located on Lot nineteen (19) of the R. G. Howland Subdivision as per Map recorded in Book 17, Page 37, of Maps in the office of the Recorder of said County.

(3) That this Board finds that said property is not, or will not at the time of delivery of title or possession, be needed for school classroom buildings or other school district purposes.

(4) That the 28th day of May, 1951, at 8:00 o'clock P.M., at Porterville Union High School Office are fixed as the time and place for a public meeting of this Board at which proposals to purchase the said property will be received and considered.

(5) Written proposals must be sealed and filed with the Clerk of this Board prior to the time above mentioned, together with security in form of a certified check or bidder's bond in ten (10%) per cent of the amount bid in favor of said District, which shall guarantee that the successful bidder will purchase the herein described property upon the terms herein set forth, and shall be deemed to be, and surrendered to said District as, liquidated damages if he does not.

(6) That after opening and reading all written proposals at the time above mentioned, this Board shall call for oral bids. If any responsible person thereupon offers to purchase said property upon the terms specified herein, for a price exceeding by at least five (5%) per cent of the highest written proposal, then the oral bid which is highest, if made by a responsible person, shall be finally accepted. Such person must be ready to then and there tender the security mentioned in Paragraph (5), which may also be cash.

(7) That this Governing Board reserves the right, if it deems such action to be for the best public interests, to reject any and all bids, and withdraw the property from sale. This Board further reserves the right to delay final acceptance to any adjourned session of the same meeting held within the ten days next following.

(8) That the Clerk of this Board shall cause copies of this resolution, signed by not less than a majority of this Board, to be posted in three public places in said District, not less than fifteen (15) days before the date of said meeting, and to be published not less than once a week for three successive weeks in The Farm Tribune, a newspaper of general circulation published in said County.

(9) That additional terms and conditions of said sale shall be as follows: That the property shall be left clear of debris, that there be no destruction of trees on the property unless permission be granted by the Board of Trustees prior to date of moving; that the building be moved from the herein described lot within 30 days from the date of approval of the bid; that the Board of Trustees and official representatives of the Porterville Union High School District be in no way liable for injury to person or property sustained as a result of moving herein described building. This resolution offers for public sale only

### NOTICE

No. 10405

In the Superior Court of the County of Tulare, State of California

In the Matter of the Estate and Guardianship of WILLIAM E. CHUNG, JR., and MARIAN L. CHUNG, Minors.

NOTICE IS HEREBY GIVEN, That Marie E. Chung, guardian of the persons and estates of William E. Chung, Jr., and Marian L. Chung, minors, having filed in this court her petition for authority to lease Wards' interest in Real Property to which petition reference is hereby made for further particulars, the hearing of the same has been fixed by the Clerk of said Court for Monday, the 21st day of May, 1951, at 10 o'clock in the A.M., of said day, at the Court Room of Dept. No. 3 thereof at the Court House, in the said County of Tulare, and all persons interested in said estate and guardianship are notified then and there to appear and show cause, if any they have, why the said petition should not be granted.

Dated May 9, 1951.

CLAUDE H. GRANT, Clerk  
By TROY OWEN, Deputy Clerk m10-17

## Did You Know

MRS. ALLAN MARGO is leaving today, with Allan Jr., for a week's trip to Eagle Pass, Texas, to visit her parents, Mr. and Mrs. Albert Wilson. She will fly from Bakersfield and will return by car with Mrs. Wilson.

MRS. L. E. GIBBONS, of Whittier, was a visitor last week at the home of her daughter, Mrs. John Fink, in the Welcome district.

## Did You Know

G. E. McDANIEL was named treasurer of the Sierra View Hosuita district to replace Stanley Shiplett, at a meeting Tuesday night. The board discussed possible reduction of bed space in the proposed hospital in view of increased construction costs.

DR. RONALD R. MEREDITH will speak at a Mother's Day program to be given by Porterville Lodge of Elks, Monday evening, May 14 at 8 p.m.; Ann Lumsden accompanied by Virginia Goldsmith, will sing. Elks, their guests and friends are invited to the ceremony.

WARD CUMMINGS, Porterville rancher, has a display of paintings in the lobby of Porterville's Barn theater. Mr. Cummings, a graduate of Annapolis, has received considerable notice on the west coast for his art work; the Barn display is something you should see.

TIPTON GRA-Y won the "out-standing club of the year" trophy last Saturday at a Central San Joaquin Gra-Y Pow Wow held in Fresno. The club is led by Jon Swenson and Royce Ringsdorf.

let's review some other facts in  
this case:

1. On November 8, 1949, the  
Porterville Veterans' Memorial  
district board went on record that  
it would "not condemn any prop-  
erty, any time for a memorial  
building site without the sanction  
of the property owner." Inci-  
dentally, Mr. Lumley seconded this  
motion. Mr. Gilliam opposed it.

2. During the summer of 1950,  
the Memorial district board filed  
a condemnation action against  
Sinarle property on West Olive  
street, without consent of the  
property owners involved.

What does this make the board  
in your book?

We have stated, and we state

again, that there is no conceiv-  
able issue of public necessity in  
connection with construction of  
a memorial district building, con-  
sequently there can be no justi-  
fication for condemnation of Sin-  
arle property, or any other prop-  
erty, as a site for a memorial dis-  
trict building.

Condemnation, in this case,  
represents a senseless and high-  
handed misuse of the right of emi-  
nent domain; it is an attempt to  
use this right as a blackjack to  
bludgeon citizens into disposing  
of property that they do not wish  
to dispose of. It is a prime ex-  
ample of misuse of power by pub-  
lic officials overimpressed by  
their own importance.

And you, Mr. and Mrs. Tax-  
payer, are financing the deplorable  
action of this board at the rate  
of 30 cents per \$100 for the as-  
sessed value on your property.

Members of the present Port-  
erville Memorial District board are:  
Bill Harris, Aubrey M. Lumley Jr.,  
Willard Wall, Reuben Gilliam and  
Gene Quiram.

**MOUNTAIN LION**

(Continued from Page 1)

several shirts behind him. While  
playing, Marion attempts to clip  
the cat's claws, but this also seems  
to disturb the lion, and some  
little time is required to complete  
this operation.

Marion often turns the cat loose  
and it follows him like a dog. In  
fact, he has walked it to White  
River and back, a distance of  
three or four miles each way, and  
it follows him around the ranch,  
if he is on foot. It will not follow  
him if he is riding.

In speculating how long he  
might be able to keep the lion be-  
fore it gets mean or treacherous,  
Marion recalls that some time ago  
Bill Calkins at Fairview kept a  
mountain lion until it was four  
years old, and even then, took it  
around with him in his car. Story  
is that he used to let it follow  
him along the streets of Bakers-  
field, until a woman, coming  
around the corner of a building  
and suddenly seeing the lion,  
fainted, after which the police de-  
cided he should keep it out of  
town.

Marion has hunted mountain  
lions all of his life. He has  
killed 41, the largest, which is  
now a rug in his home, measuring  
eight feet, two inches. In all the  
years of hunting, he has seldom  
seen a lion until his dogs were  
actually after it, and he has fol-  
lowed many false leads from per-  
sons who have reported that they  
had seen a lion.

From his observation, Marion  
states that the mountain lion has  
no permanent home, that it is  
constantly on the move, that a  
lioness may move her kittens five  
or six miles in a night. Kittens  
will follow the lioness until they  
are more than a year old.

Hunting lions is the hardest  
work in the world, according to  
Marion, since a lion seldom goes

**4-H AWARDS**

as follows: Champion Poland  
China sow, Andrew Gravlee, Van-  
dalla; Champion Berkshire sow,  
Delbert Barton, Willow; Champion  
Hampshire sow, Bill Rambo, Earli-  
mart; Champion Yorkshire sow,  
and champion Yorkshire boar,  
Murray Grant, Willow; champion  
Hereford bull, George Webb, Lind-  
say; Champion Hereford sow, San-  
dra Farnsworth, Ducor; Champion  
Holstein bull and cow, Tommy  
Swall, Oakdale; Champion Guern-  
sey cow, James Baxley, Burton;  
and Champion Jersey cow, Larry  
Paxton, Oakdale.

Sandra Farnsworth, Ducor, won  
the beef showmanship contest.  
James Andreas, Earlimart, won  
the swine showmanship contest  
and Bob Elander placed second.  
Andreas and Elander won the  
right to compete in a showmanship  
contest representing Tulare coun-  
ty at the State Hampshire Swine

where a hunter can ride a horse.  
They are always in tough coun-  
try, yet hunting them holds a  
great fascination for Marion and  
he has killed them throughout the  
southern Sierra country.

In the woods, Marion estimates  
that a lion will kill 70 or more  
deer a year. In 30 years of ranch-  
ing in the foothills and mountains,  
he says he has never found a cow  
killed by a lion, but that if a  
lion got started killing cattle, it  
would no doubt stay with it.

Marion may possibly show his  
lion at the Junior Livestock show  
and fair in Porterville May 24, 25  
and 26, if suitable provision can  
be made to handle it and if the  
weather is not too hot. At pres-  
ent, the cat is covered with fur  
and until the fur is replaced by  
hair, it gets along best in cool or  
cold weather.
